

AFFORDABLE HOUSING

DEPARTMENT OF
COMMUNITY PLANNING
AND BUILDING

Affordable housing is...*housing which, under the terms of a Housing Agreement with the City, would have a market price that would be affordable to households of low and moderate incomes. Households of low and moderate incomes are those having incomes that are 80% or less than the median household income in the City of Parksville as reported by Statistics Canada.*

*- Zoning and Development
Bylaw, 1994, No. 2000*

AFFORDABLE HOUSING has become an important municipal issue on Vancouver Island due to the steadily rising cost and limited supply of housing. The City of Parksville strives to increase the supply of affordable housing to ease the burden on individuals and families struggling to make ends meet in a volatile housing market.

This brochure is intended to assist property owners and developers in their decision to establish affordable housing.

INCENTIVES TO PROVIDE AFFORDABLE HOUSING

The City of Parksville encourages the provision of affordable housing through the following:

Density bonuses—allow for greater residential density in select zones if affordable housing units are incorporated into the development

Suites and carriage houses—the largest zone by area in Parksville – the Single Family Residential RS-1 zone—permits secondary suites or carriage houses to increase the supply of low-cost housing

Fee waivers—Policy No. 4.29 permits Council to waive development permit and building permit fees on a case-by-case basis for eligible developments

Development Cost Charges (DCCs) waiver—DCCs are charged by both the City of Parksville and the

Regional District of Nanaimo to help cover costs of providing services for roads, sewer, water, and parks. The City may waive DCCs for the units or buildings designated as affordable housing, subject to the signing of an affordable housing agreement with the City for 15 years. The Regional District of Nanaimo may also waive certain DCCs for eligible, affordable housing developments

FEDERAL AND PROVINCIAL FUNDING

Financial assistance may be available from federal and provincial agencies to private and non-profit housing providers to create and maintain affordable housing.
